

MK-MASTER

GAMING KEYBOARD

79-key TKL mechanical keyboard featuring SmartDeck with six LCD keys and three multifunction knobs for macros, shortcuts, and GIFs. It is built with a gasket-mount structure and lubricated linear HAIMU RED hot-swappable switches.

It features a 1000 Hz polling rate, 16.7-million-color RGB lighting, control software, and multi-platform compatibility. It includes a kit with 5 semi-transparent keycaps, 4 replacement switches, and a keycap puller.
